

## THE BEATLES STORY ONLINE EDUCATION ACTIVITY

### GENERAL ACTIVITY - CREATIVE

#### Activity Name:

Show someone you love them

#### Curriculum Focus:

PSHE/ Creative

#### Age Phase:

All

#### Activity:

**Love Me Do, P.S I Love You**

These are love songs written by The Beatles. Have a listen to the songs.

#### Task:

This activity is about actions speaking louder than words. Sometimes we can tell someone we love them but what we do shows them that we truly love them. For example, our parents or carers will tell us that they love us but they show us by looking after us, feeding us, providing us with a safe place to live, making sure we're clean and have clothes to wear.

Your task here is to do something to show someone you love them. It may be baking someone a cake. Helping your carers by tidying your room/ helping tidy the house. Give someone a hug who might need one. There's lots of different ways to show someone you love them without saying it.

#### Resources suggestions:

Anything you want to use to show someone how much you love them.
